

## **[CME]: FAR's CME Program Celebrates Its 5<sup>th</sup> Anniversary**

On October 5, 2010, FAR's Regional Doctors Training Program celebrated its 5<sup>th</sup> Anniversary in Heratsi court yard of Yerevan State Medical University.

The ceremony also was specially celebrated, as corresponded to 90<sup>th</sup> anniversary of the Yerevan State Medical University, one of the major partners of FAR's CME program.

The Ceremony was attended by FAR CME partners, organizers, representatives from YSMU, National Institute of Health, regional doctors, trainers, trainees and other guests.

FAR CME Program Coordinator Hambardzum Simonyan opened the ceremony and along with words of congratulations also briefly described the CME Program's history, accomplishments and perspectives.

FAR Vice Chairmen, prominent neurosurgeon, professor Edgar Housepian honored the Ceremony with his visit. In his speech he congratulated all participants, stressed the importance and role of the CME program, promoting the health care development in Armenia.

FAR CME leaders Dr. Bella Grigoryan and Dr. Gevorg Yaghjyan discussed the Program's results as well as future developments. Taking advantage of the opportunity all trainers and trainees expressed their congratulations and acknowledgements to Dr. Housepian, the Program organizers and all participants of the ceremony.
